Vidyavardhini's College of Engineering and Technology, Vasai

University of Mumbai

Dec 2021 - May 2025

- Cumulative CGPA : 7.55/10
- Relevant Coursework : Database Management System; Software Engineering;

HSC (Computer Science)

Bharatiya Vidya Bhavan's College, Andheri

June 2019 - June 2021

Percentage - 89 %

- Major in Computer Science
- Relevant Coursework : Fundamentals of Computer Science; C++ Programming Language; Web Development (HTML, CSS, JavaScript)

WORK EXPERIENCE

Intellect Software Solutions Pvt. Ltd.

Jr. Flutter Developer

Borivali, Maharashtra

Jul 2025 – Present

- Contributed to multiple live Flutter applications, enhancing UI/UX and fixing production-level bugs to improve app performance and stability.
- Implemented key modules in Axis Trader, including simplified login, guest access, SDK integrations, and API encryption for secure communication.
- Integrated CleverTap SDK for push notifications and event tracking.

Ace 360 Degree

Flutter & Web Backend Developer Intern

Mumbai, Maharashtra

Jun 2024 – Feb 2025

- Re-developed and optimized existing Flutter applications based on new client requirements and performance improvements.
- Managed bug fixes and developed new features for the CRM system using PHP (CodeIgniter), MySQL, and Ajax.
- Interacted directly with clients to gather feature requests and ensure successful implementation.

ICICI Prudential Life Insurance Company Limited

IT Intern - RPA Team

Mumbai, Maharashtra

Dec 2023 – Jan 2024

- Acquired hands-on experience with RPA technologies and Control-M Application.
- Developed insightful software usage reports to assist new joiners.

PROJECTS

Axis Trader App (Live Project) – Intellect Software Solutions

Jul 2025 - Present

- Contributed to the app's core features including simplified login, guest access, and SDK integrations, ensuring seamless and secure user onboarding.
- Improved app stability through API encryption and critical bug fixes ensuring secure performance.
- Integrated CleverTap SDK for push notifications and event tracking.
- Skills: Flutter · Dart · REST APIs · Firebase · CleverTap · Mobile Application Development

CRM Module Contributions for Multiple Clients – Ace360Degree

June 2024 – Feb 2025

- Contributed to enhancing existing CRM modules for clients like EPC Pvt. Ltd. and Amigo Academy, focusing on feature additions and delivery-critical fixes.
- Resolved bugs and implemented requested changes, including email/SMS notifications, data handling, and user access updates.
- Collaborated with the team to handle client queries, ensuring smooth handover and functionality as per client expectations.
- **Skills:** CodeIgniter · PHP · MySQL · Bug Fixing · Client Communication · Notifications Integration

ARHomes - AR Based Home Decor Visualization System

Sep 2023 - Oct 2023

- Developed ARHomes, an innovative AR-based Home Decor Visualization System app, allowing users to virtually try out furniture and visualize decor options.
- Implemented interactive features for a seamless user experience, including a diverse furniture catalog for personalized design exploration.
- **Skills:** Flutter · Dart · Firebase · Software Development · Augmented Reality (AR)

ORGANIZATIONS

Microsoft Learn Students Club - VCET

Dev Associate in App Domain

Sep 2023 – Jul 2024

- Contributed to app development initiatives and technical projects.

Team E-Cell - Vidyavardhini's College of Engineering and Technology

Technical Team Member

Feb 2022 – Jun 2024

- Collaborated on entrepreneurial projects and technical solutions within the college's E-Cell.

ADDITIONAL

Technical Skills:
